Recently Launched Working Groups		
<p style="text-align: center;">bullet</p> <p>ISDA is relaunching the FpML Reporting/Regulatory Reporting Working Group which will extend the current FpML standard to define data elements to be used for reporting OTC derivative positions between market participants and to regulators. The Reporting Working Group will have the following main objectives:</p> <ul style="list-style-type: none"> • Develop report formats that will meet a wide spectrum of industry needs with minimal complexity • Develop tools and specifications for converting between the full FpML confirmation view and simplified report formats. <p>The working group will start meeting early February 2011.</p> <p style="text-align: center;">bullet</p> <p>Sign Up For Participation (http://www.fpml.org/isis/?p=subscribe&id=21) </p> <p style="text-align: center;">bullet</p> <p>View the Charter (http://www.fpml.org/wgroup/rptwg/rptwgcharter.pdf)</p>		
	<p style="text-align: center;">bullet</p> <p>ISDA is launching a new FpML working group focusing on business processes. The FpML Business Process Working Group will maintain and extend the FpML standard's coverage of OTC derivative business processes. Focus will be on areas where new industry services are being developed or new business processes are being standardized.</p> <p style="text-align: center;">bullet</p> <p>Sign Up For Participation (http://www.fpml.org/isis/?p=subscribe&id=24) </p> <p style="text-align: center;">bullet</p> <p>View the Charter (http://www.fpml.org/wgroup/bpwg/bpwgcharter.pdf)</p>	02/04/2010
